Product Short Description:

Mattress Safe® Sofcover® Stretch Knit Box Spring Encasement with the patented "Zipper with the Hook"®, with sewn in Loop and Zip Tie included to ensure tamperproof encasements.

- Bed Bug Certified (Penetration-Escape Tested)
- Impermeable to Bed Bugs, Dust Mites, Mold and Bacteria.
- Non Fire Retardant
- Breathable

Fits all standard box springs

Comes with Felt Corner Protectors

Product Detailed Description:

Mattress Safe® Sofcover® Stretch Knit Box Spring Encasement features an innovative, soft and luxurious stretch knit fabric, carefully selected to be designed for comfort and easy care, while providing durability and protection for all applications.

Mattress Safe® Sofcover® Box Spring Encasement has been tested by board certified entomologists and certified for protection against bed bugs and dust mites. Bed bug certification gives you peace of mind so you can sleep safe and sound knowing that bed bugs cannot pass through the fabric of Mattress Safe® Box Spring Encasement.

Unique and built directly into Mattress Safe® products, the patented "Zipper with the Hook"® secures the tight closure of the zipper sealing against the penetration and escape of bed bugs. (U.S. Patent #7,849,543) The zipper and hook combination prevents infestation and quarantines infested items from spreading pests. Sewn in Loop and Zip Tie included to ensure tamperproof encasements.

By applying Mattress Safe® mattress encasements before any signs of bed bug infestation, you will minimize the available areas for nesting as well as provide the means for an easy detection of bed bugs. As a pest management application, Mattress Safe® encasements eliminate the use of chemicals to entrap and kill bed bugs in an infested mattress.

A minimal investment in mattress encasements can prevent the loss and the heavy cost of replacing a mattress and box spring. Mattress Safe® products are a cost effective and preventative measure in the protection of your bedding investment.

Product Features:

- Bed Bug Certified
- Impermeable to Bed Bugs, Dust Mites, Mold and Bacteria
- Non Fire Retardant
- Breathable
- Fits all standard box springs

Technical Specs:

- **Bed Bug Certified** - Mattress Safe® products have been tested by board certified entomologists. The stretch knit fabric was tested to evaluate if bed bugs (*Cimex lectularius*) could penetrate through the fabric. The results prove that no bed bugs passed through the stretch knit fabric, the zipper enclosure, or the zipper seams during the evaluation. The zipper enclosure also prevented bed bugs from escaping during the study and prevented debris from passing through the zipper.

Directions for Application:

Installation should be done with a partner - Installing alone can stress the zipper end stops on each side. Starting at the head of the bed, unzip the encasement and gather the fabric to locate the bottom two end corners. Together with a partner, lift each side of the end of the box spring and rest it on the knee (or you may lift the box spring to stand on its end and the encasement may be pulled down the length of the box spring). Align and apply the end corners first to the end of the box spring on each side. Carefully slide the encasement, inch by inch, down the length of the box spring, avoiding stress on the zipper end stop. Align the corners of the cover with the corners of the box spring. Zip the cover all around the box spring and secure the encasement by using the patented "Zipper with the Hook"®.

Care Instructions:

Wash and dry in moderate temperature. No bleach. Do not iron.

Mattress Safe® Product Description Sheet

Warranty Information:

CONGRATULATIONS: You have just purchased the newest and finest in box spring protection made with the best materials and workmanship available. **For information about your warranty visit www.mattresssafe.com.**

Your protector is warranted against defects in workmanship and material. Structural damage caused by abuse, misuse, improper installation or not properly following the care instructions will void the warranty.

MATTRESS SAFE, INC. is not responsible for any incidental or consequential damages resulting from the use of its products. In no event shall the responsibility of **MATTRESS SAFE, INC.** exceed the purchase price of the warranted product.

This product is designed to keep bed bugs that are already in your bedding from spreading and to keep new bed bugs from entering and hiding in your bedding while secured with the patented "Zipper with the Hook"®. Sewn in Loop and Zip Tie included to ensure tamperproof encasements. It cannot prevent bed bugs from entering your home or place of business. **MATTRESS SAFE, INC.** is solely responsible for the product and its limited warranty.

THIS WARRANTY WILL BE HONORED WITH THE PROOF OF PURCHASE.
